

# Course 101

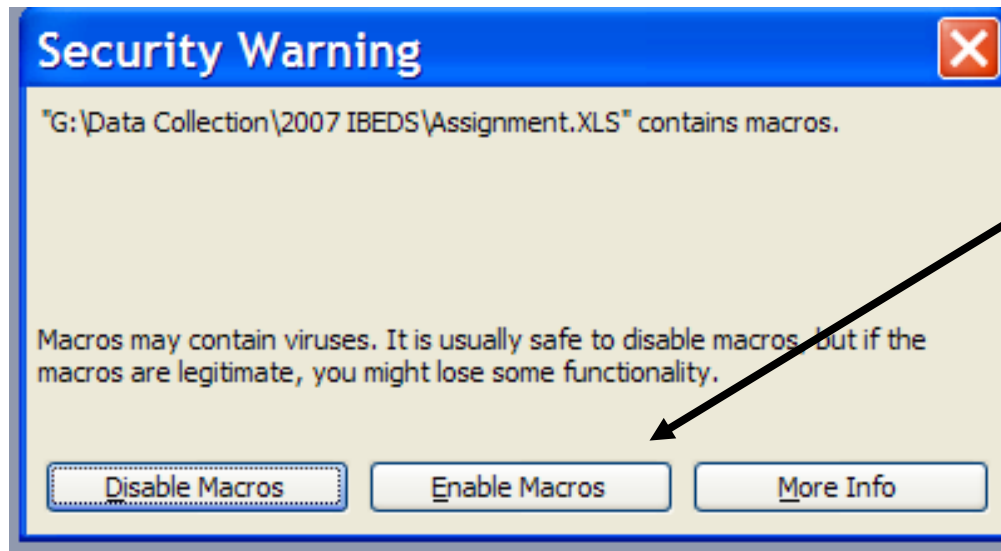

## Creating 2006-2007 IBEDS Assignment Forms

SDE no-longer prints the Assignment sheets  
to be completed by your certificated staff  
~ we now

- Provide you with an Excel file
- You can print the forms via a macro
- The file name ends with "...Assignment.xls"
  - Example - Boise School District 001's file is "001 Assignment.xls"

# Opening the Excel File

- ✓ When you open the "xxx Assignment.xls" file - **"Enable"** the macros

# Workbook has two (2) worksheets

- **"Form"**

- ✓ The "print" template
- ✓ Select this "tab" to start the macro to populate employee demographics

- **Data**

- ✓ Contains all certificated positions reported on your 2005-2006 IBEDS
- ✓ Data can be added, changed, deleted - see further instructions. ~ Caution, always have a good backup before you make changes.

# Worksheet named "FORM"

Microsoft Excel - 999 Assignment.XLS

# Printing Assignment Forms

- "Ctrl" + n - prints SSNs on forms
- "Ctrl" + w - prints without any SSNs
- (small n or small w)

# Printing Assignment Forms

## Caution~~

- Once you "trigger" the macro, **ALL** forms should print out
- Soooo - be sure you're ready before you start the macro

If you've had a lot of changes since last year, you may want to update the data before you print

# Worksheet Named

# "DATA"

[illegible]

# Data Changes to consider

- Name changes
- Building changes
- Adding new employees
- Removing terminated employees (otherwise forms will print)
- Remember to sort in the order you want the forms to print.
- Consult your district/charter IT department for technical assistance before contacting us (Myrna or LaRae at 332-6845)
- ~ sorry folks, we would love to help but we're a small support staff ~ but call if you cannot resolve any issues internally.

# Remind your staff -

- If it looks like a duck
- Walks like a duck
- Quacks like a duck
- **It'd better be called a duck**
